Designated United States Depository. Corner Room, Odd-Fellows' Hall.

P. HAUGHEY, Pres't. E. E. REXFORD, Cash

## CONDITION OF THE MARKETS

Chicago Wheat Was Strong, the Run of Prices Being Upward from the Start.

"Short" Traders Were Eager to Cover, and an Advance of 2 1/4 Cents Was Scored-Corn Reached 54 3/4 and Pork Gained Materially.

MONEY, STOCKS AND BONDS.

Rush to Cover. NEW YORK, Oct. 2.-Money on call was easy, ranging from 4 to 6 per cent., th last loan being made at 4, closing offere

at 4 per cent. Prime mercantile paper 534 @7 per cent. Sterling exchange was quiet and stead; at \$4.79% for sixty-day bills and \$4.83% fo demand.

The total sales of stocks to-day wer 562,629 shares, including the following Atchison, 105,508; Canada Southern, 3,260 Chicago Gas, 6,620; Delaware, Lackawann & Western, 7,310; Erie, 20,220; Hocking Valley, 3,430; Lake Shore, 4,470; Louisvill & Nashville, 21,150; Missouri Pacific, 42,740; Northwestern, 6,865; North American, 12,-698; Northern Pacific, 6,205; Northern Pacific preferred, 17,590; Pacific Mail, 4,870; Reading, 12,740; Richmond & West Point, 3.944; St. Paul. 35,695; Union Pacific, 36,698; Western Union, 3,034.

The stock market to-day took another turn for the better, and, while there was not only a marked expansion in the business done, a material improvement in prices and a decidedly bullish feeling was developed in the room. The forces of depression were withdrawn in the face of the overwhelming volume of new buying which appeared in the market. There was very little stock offering, even at the advanced prices in the afternoon. There was a number of favorable factors which aided to produce the revulsion in feeling, chief among which were further heavy arrivals of gold, together with advices of other amounts to leave the other side, while the buying for the insiders in all the prominent stocks and the evident desire of the foreigners to purchase were influential part of the local operators on both sides of the account. There are many evidences of large purchases by the Vanderbilt party, and purchases of Missouri Pacific by brokers identified with the Gould interests were most marked. The character of the buying in Western Union, Lake Shore, Wheeling & Lake Erie pre ferred, Missouri Pacific, Rock Island Louisville & Nashville, and Chicago, Burlington & Quincy attracted considerable attention. The opening of the market was active, but without excitement or feature other than the decline in Missouri Pacific, but the desire to buy was made immediately apparent and prices all along the line moved up materially in the first few minutes, only to be checked by the heavy selling of Rock Island by the "bears," which forced its price off from 80 to 781/4, its company being kept by Sugar and Louisville, New Albany & Chicago. Before the end of the first hour the attempt to force the market lower was given up, and all leading shares under the lead of Missouri Pacific made rapid progress in the upward direction, Rock Island falling into line with the rest. The amount of business done was very large. A while there was a falling off in this respect, but after 13 o'clock there was no cessation to the advance in prices, the market finally closing

Reading each, 2 per cent.; Union Pacific, 178; Wabash preferred, 178; Northern Pacific preferred, New England and Big Four, each 14; Burlington, St Paul and Lake Shore each 1%, and the others smaller amounts Railroad bonds were comparatively quiet but displayed a decidedly strong tone, almost keeping pace with the share list in making marked advances. Total sales, \$1,473,000. Atchison and the Reading issues were very strong and scored material improvement. The rest of the list, however, was generally traded in within narrow limits, and while strong failed to score such substantial gains. The market closed strong at the highest prices of the day. Government bonds were dull but firm.

State bonds were entirely neglected. Clos-

very active and strong at the top figures

all along the line. The final gains reached

234 in Missouri Pacific, but Atchison and

Louisville & Nashville are each up 214

#### TRADING AT CHICAGO. Bad Weather in the Northwest Lends Courage to the "Bulls."

CHICAGO, Oct. 2.-Wheat was strong to-day and scored an advance of 2@24c. The tendency of prices was generally upward from the start. The reasons assigned for the advance were the recent rain and bad weather in the Northwest, which. it is claimed, have effected the wheat in the shocks, larger clearances from seaboard, the covering by the "shorts" and the generally stronger tone of cable advices. The market, no doubt, was a "short" one. operators of late being inclined to the selling side, and the rather firm undertone induced many to cover. Early Liverpool dispatches quoted that market quiet, but last cables quoted a steady market, with no decline except for California, November delivery, which was led lower. London was unchanged, and so was Antwerp, while Berlin was 134 @2c higher, and Paris flour higher and wheat unchanged. Private cables said wheat in Paris was strong, and Liverpool cables said the French were bidding for red wheat. The official report of the French wheat crop was estimated, they claimed, at 250,000,000 bushels, against the final report for 1890 of 328,000,000 bushels, and for 1889 of 316,000,000 bushels. The estimate of this year's crop is somewhat in excess of previous reports, but did not have any special effect upon the market. The export clearances were larger. and aggregated 769,000,000 bushels. New York reported sixty-five cars taken there for export to-day. London's stock of wheat was reported to have increased 500,000 bushels. The stock of flour is also reported as | pressure to sell, and the concessions are showing a large increase. Domestic markets were higher, and the receipts in the Northwest were larger. One Liverpool cable said that the French were reselling there. New York and St. Louis operators were active buyers in this market. Logan. Bennett, Hopkins, Schwartz, Dupee, other leaders were Liberal buyers. rains were reported in Kansas, Nebraska and Missouri, where moisture was greatly needed for fall plowing. Ream bought some early wheat around iSc. but sold freely on the advance to 99c and above. December opened at 97%c, against 97%c at the close yesterday; sold up to 984c, off to 978c, up regularly to 994c, off to 984c, up to 99c, off to 984c, up to 99c again, then to 98%c, and, during the last few minutes,

bulged to 99%c, closing strong at 99%c.

Corn was active and buoyant, influenced

by the extremely light receipts, the

strength in wheat and the active covering

once to covering, and the offerings being light, strong feeling ruled. October opened at 53@58%c, against 52c at the close yesterday; sold up to 53%c, broke to 53%c, reacted some, and when wheat moved upward and the estimate of only one hundred cars for to-morrow became known, there was a quick jump to 544c. This was the top figure, and a reaction set in during the last hour which carried the price down to 53%c. It advanced again, however, and closed at 54 sc. Counselman and Day sold freely, while the "shorts," led by Baldwin and Farnum, and the shippers, led by Bartlett-Frazier, were among the best buyers. Oats were firm in sympathy with corn,

but trading was light. Hog products were higher, owing mainly to the big reduction in the stocks of most articles during the past month. Ribs were reduced the most and were strongest, with "shorts" active buyers. During the last hour, however, there was a partial reaction, and the close shows an advance of 17 The Goulds Begin Buying and the "Bears" leading futures ranged as follows:

DUN & CO.'S WEEKLY REVIEW. The Decrease in Both Stocks and Wheat Is the Sensation of the Past Week,

NEW YORK, Oct. 2.-R. G. Dun & Co.'s weekly review of the trade: The past week has brought the expected reaction in stocks with the passing of a dividend by the Missouri Pacific and some troubles among Western roads. But in the business of the country no reaction appears. nor are there signs of discouragement. In very many cases farmers will realize for their wheat grown this year more than the entire cost of their farms. Unseasonably hot weather has for the time retarded some trades, but a change is already no-

It is also a most encouraging fact that these favorable conditions have produced as yet no speculative excitement or craze. such as often prepares the way for disastrous reaction. It is fortunate for the country that apprehension of financial difficulty this fall has powerfully restrained the speculative tendency. The iron markets are distinctly stronger, there is less more rare, even though any advance in prices is as yet resisted. The demand | 15@25c. for bar iron is not active, and weakness in stocks tends to check sales of rails, Anthracite agents have decided on an allotment of 3,250,000 tons of October, although actual prices are not above those of the July circular, while there have since been two advances. Large sales of copper at 12 ee are reported, but tin has sold as low as 20c, and sales of lead are small and of tin-plates moderate. Tobacco has risen Sc to Sc in the Connecticut valley, and the producers are realizing large profits. Sales of dry goods are large in the aggregate, but in light weights far below last year, and many looms are idle for the present. On the other hand, there is a peculiar increase in the demand for heavy weights, and of dress goods sales are satisfactory. great improvement in quality being noticed. Cotton goods are a little less active,

the out inspection was liberal, amounting hosiery is dull. Sales of wool at the differ-to 242,000 bushels. "Shorts" started at ent markets are not 3 per cent. below those of last year thus far. Boston reports a closer money market and satisfactory trade. At Philadelphia money is in fair demand, though there is complaint in trade of slow collections. At Baltimore the shoe trade exceeds last year's. At Cleveland trade in dry goods and clothing has been retarded by the weather, but other trade has been good, and at Cincinnati some improvement is seen in the shoe trade. At Chicago some increase is seen in receipt of corn, oats and cheese, an eighth in cattle, a third in wool, and wheat receipts are five times, and rye receipts eight times last year's, but decrease appears of half in lard, a third in cured meats and a fifth in barley. At St. Louis trade and manufactures are active and money close. At Minneapolis and St. Paul business is good and lumber advancing, and at Kansas City and Denver improvement is seen. At all points reporting at the South trade is improving, except at Savannah, where the great strike suspends the movement of cot-

In spite of several more circulars advis-ing farmers to hold their wheat the price has declined about 1 c. Corn has advanced 2c and oats 1 sc, and, while cotton is unchanged in price, pork products have changed but a tritle, and coffee and oil are a little lower. There is more perplexity than usual regarding the yield of cotton, but the most conservative estimates conclude that a large decrease in the product is probable, making a market for the heavy stocks which were brought over from last

Imports of merchandise, though smaller than a year ago when the movement was exceptional, are large, and exports from New York for the past two weeks are nearly equal to those of last year. Railroad earnings exceed last year's as do exchanges at the various clearing-houses out-side New York, though but slightly, and there are as yet no symptoms of the artificial monetary pressure which some have

The business failures occurring throughout the country during the last seven days number 230, as compared with totals of 244 last week. For the corresponding week of last year the figure was 197.

### TRADE IN GENERAL.

Sheep-Receipts, 1,320. Market steady. INDIANAPOLIS MARKETS.

Trade Rather Quiet in Most Departments,

with Few Changes in Values. INDIANAPOLIS, Oct. 2.-Trade still drags a little and it is attributed to the warm weather, a feeling prevailing that only genuine fall weather is needed to stimulate business generally. Prices to-day ruled steady on most lines. Clover is in large supply and weak, while other descriptions of seed are firm in price. The provision market is active, prices easy in tone. Fruits and vegetables continue in large supply and prices still carry a low range. Poultry and eggs are steady at quotations and in good request. In groceries trade is only fair; an impression prevails among retail grocers that coffees and sugars are to be lower in the near future. As regards coffees this is quite probable, but sugars are probably as low as they will be for some weeks to come. Everything in the hardware and iron markets carries a firm tone and a good trade for October is in progress. by "shorts." The inspection sheet showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected, where 120 had been looked for, and showed only seventy-one cars of corn inspected. The dry goods men are not complaining. See 24 a 30c; harness, 26 a 30c

Prices on all lines of dry goods rule firm. In other markets there are no new features.

GRAIN. The local market to-day was in a strong position and a good deal of interest shown in all cereals. No. 2 red wheat advanced lo over Thursday's prices, and it was selling from wagon at 95c. All grades of corn were a shade higher; track bids ruling as fol-

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

For a home-made mattress twelve vards of ticking are required. The piece which is left in at the ends and sides must be six inches wide. Stuff it smoothly with hay and tie with cotton twine. A long needle, made expressly for this purpose, is required, and can be obtained at any upholstering establishment. It is best to stuff a little more thickly in the center than at the edges, and have ready bits of strong, heavy cloth to fasten on both sides where the twine comes through. The manufacturers generally use small disks of leather, but these, unless previously punched, are hard to penetrate with the needle, and the bits of cloth will answer the purpose.

Fried Tomatons with Cream-Cut six or seven large firm tomatoes in halves, without peeling. Lay them in a pan, with a large tablespoonful of butter, having the skin side down. Fry them very slowly until quite tender, then place them carefully on a hot dish and let the butter brown a little, then stir a tablespoonful of flour into it. When this is browned add to it half a pint of boiling milk, stirring and blending until smooth. Stir all and boil three minutes, then pour it over the tomatoes, adding salt and pepper to taste.

s not an experiment; it has been tested and its enormous sale is due solely to its merit. It is made on honor, and good housekeepers say SANTA CLAUS SOAP
"is a necessity." Don't let your dealer
give you some other kind, if he hasn't
Santa Claus, but insist on having only SANTA CLAUS SOAP. N. K. FAIRBANK & CO., Mfrs., Chicago, III.
